

aquafresh 'Culino' designer mixer faucet

The stylish Aqua Fresh 'Culino' mixer faucet is an innovative performer, offering new levels of function and simplicity for the modern kitchen.

Designed and built in Australia with a 5 year guarantee, the Aqua Fresh 'Culino' mixer faucet eliminates the need for a separate faucet for your filtered water.

TAP-M3K (polished chrome)

TAP-M3K-BC (brushed chrome)

The stylish Aqua Fresh 'Culino' designer mixer faucet is an innovative performer, offering new levels of function and simplicity for the modern kitchen.

This precisely engineered designer sink mixer incorporates a neat pin lever auxiliary tap for your filtered drinking water. This water is controlled separately and flows freely through a separate passage cast into the spout, without contamination by mains water.

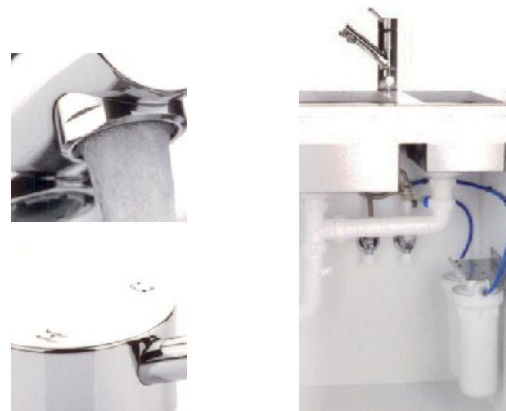

The 'Culino' eliminates the need for an extra faucet for your filtered water.

Aqua Fresh 'Culino' incorporates a smooth quarter turn ceramic disc valve for the filtered water and a smooth action swivel chromed brass dual port spout for filtered and mains water.

The Aqua Fresh 'Culino' comes in a polished chrome finish and an alternative brushed chrome finish.

The Aqua Fresh 'Culino' designer mixer faucet is designed and built in Australia to comply with AS 3718 and the WELS regulations.
