The **Alpine TJ Series Single Undersink Water Purifier** features a high capacity premium grade carbon block cartridge to provide clean, fresh tasting water at a fraction of the cost of bottled water.

The Alpine TJ Series Single Undersink Water Purifier is ideal for low sediment loadings or for the smaller family or where space is at a premium under the kitchen sink.

System Inclusions:

- Filter head and bracket
- Compact filter cartridge
- Plumbing fittings and tubing
- Watermarked pressure limiting anti-hammer back flow prevention valve
- Shut off valve
- Inlet and outlet tubing
- Stylish chrome designer faucet
- Mounting screws

System Benefits:

-  Stylish chrome designer faucet.
-  Hygienic quick change cartridge - as easy to change as a light bulb.
-  Compact space saving single cartridge.
-  High purity water at a fraction of the cost.

Filtration Benefits:

- Ensure your family's safety with pollutant-free water.
- Enjoy fresher water without chlorine's taste and odor.
- Save on costs and reduce plastic waste with this eco-friendly option.
- Prolong appliance life by preventing buildup in pipes.
